

Michael Glissman & Lin Schwanebeck opened Eat Restaurant in Dodge in June 2015, in the shuttered historic 1910 Dodge State Bank, located at 327 2nd St. Dodge, NE.

Eat Restaurant is a quaint country inspired, city influenced full service restaurant dedicated to from scratch cooking & baking with a focus on fresh seasonal product. Reservations are strongly urged.

The retro fitted bank has much of its original charm in tact and highlighted. Recent updates include a dining room to seat 45, entry, service station, kitchen, two bathrooms, and storage in the basement. The vault is used as a small private dining room.

Michael, his mother and sister all work at Eat and contributed to getting the restaurant up and running. NENEDD provided technical assistance and loan funds to purchase equipment and some working capital to get started. NENEDD and Michael partnered with the local bank, Farmers State Bank in Dodge, and family members in funding this fabulous restaurant. The project created 10 jobs including Michael, his mother and sister.
