

Brester Automotive, LLC

Brester Automotive, LLC was started a little over three years ago by Scott Brester, the sole member and owner. Scott built a new building at 509 Main Street in Howells, to operate and expand his business. Prior to his new building, the business operated from the Howells Journal location and his personal shop at home as a used car and truck dealer providing quality and affordable used cars and trucks for customers in the area. He also does light duty service and repair on all vehicles in his inventory including cleaning and detailing. It served him well in the success of his business. However, the volume of vehicles he had been selling and maintaining, lead him to build his own facility. Having his own shop and office area at the same location with street frontage is vital for the expansion of his business.

NENEDD provided technical assistance and loan funds to expand his business. NENEDD and Scott partnered with Homestead Bank in Howells to finance this expansion maintaining one job and creating one new job.

Hours of operation:
Monday – Friday: 8:00 AM - 6:00 PM

(402) 986-0853
